The Housing Advisory Board met in the lobby of the Mesa City Plaza Building at 8:00AM on Saturday, November 4, 2006. Ms. Kelly and Ms. Villanueva-Saucedo gave a brief overview of Mesa's housing stock, and explained the contents of their packet. The packet contained information and maps of Mesa's historic districts, neighborhood-based economic development target areas, Section 8 housing locations, housing and rental rehab locations, census tracts, HOME projects, and the areas of lowest to highest housing stress. The two-hour tour included nineteen particular points of interest and all categories of housing from substandard to executive.

Respectfully Submitted,

Jane M. Albin, Management Assistant I
