

PAYMENT PROCESSING SPECIALIST II

JOB DESCRIPTION

Classification Responsibilities: A Payment Processing Specialist II is responsible for performing more responsible work in the processing of utility account payments (electric, water, gas, wastewater, solid waste, and irrigation), sales tax payments, inspection payments, and all other payments received by the City. Work includes: opening, sorting, balancing, encoding, scanning, and batching payments; opening and processing payment drop boxes; utilizing the accounting system to look up accounts; researching specific or unusual payments; creating correspondence; running reports; researching bank corrections; encoding and scanning checks; preparing weekly tracking reports; and handling special projects. In addition, this classification is responsible for processing the third party payment imports; handling more detailed correspondence with customers; ensuring accuracy of reports completed; prioritizing and delegating daily and weekly work load for the group; and acting lead in the supervisor's absence to include performing some of the supervisor's regular duties. This class is expected to perform these functions independently with minimal supervision.

Distinguishing Features: Employees in this class are expected to perform day-to-day activities independently within established guidelines and procedures under general supervision. This class is distinguished from the Payment Processing Specialist I by the greater degree of independence in handling day-to-day decisions, and in the lower amount of direct supervision received. Employees may progress to this classification by noncompetitive promotion after successful completion of at least one year as a Payment Processing Specialist I, meet the specific criteria-based promotion requirements, and meet the minimum qualifications of the Payment Processing Specialist II classification. This class is FLSA nonexempt.
