

FIRE RESOURCE ADMINISTRATOR

JOB DESCRIPTION

Classification Responsibilities: The Fire Resource Administrator is responsible for planning and overseeing the Fire Resource Management service area and personnel, which involves managing the operational budget for Fire Resource and overseeing the parts and supply purchasing, warehousing, and distribution from the Department's warehouse areas for fire and medical emergency service apparatus and automotive parts, medical supplies, and fire station supplies, as well as emergency preparedness supplies for catastrophic events. This position also manages Capital Improvement Project (CIP) activities and budgets for the Department and serves as the Department's CIP liaison with other City departments and external contacts and stakeholders. Duties include: preparing specifications and cost estimates, evaluating bids, ensuring compliance with purchasing policies and procedures, and making recommendations through the Deputy Director for new fire protective clothing, medical supplies, and station furnishings and supplies; ensuring that the warehouses and facilities comply with federal and state mandates and regulations, National Fire Protection Association (NFPA) standards, and grant requirements; overseeing the Fire Department's uniform program, turnout cleaning program, and facility inspection and facility maintenance for fire stations and facilities, which is coordinated with and primarily performed by the City's Facilities Maintenance group; and overseeing the delivery of mail and supplies to Fire Department facilities and stations.

Distinguishing Features: This classification has been designated as a non-classified, non-merit system, at-will position. The Resource Management Administrator supervises the Resource staff which includes the Parts and Supply Supervisor who directly supervises the parts and supply staff and Administrative Services Specialists assigned to either purchasing or office and program management which includes tracking the budget and supervising staff who coordinate the facilities maintenance and the uniform, safety shoe, and turnout cleaning programs for the Department. This class reports to the Deputy Director - Fire and Medical Department who oversees multiple service areas. This class is FLSA exempt-executive.

QUALIFICATIONS

Employee Values: All employees of the City of Mesa are expected to uphold and exhibit the City's shared employee values of Knowledge, Respect, and Integrity.

Minimum Qualifications Required. Graduation from an accredited college or university with a Bachelor's Degree in Public Administration, Business Administration, or a related field and considerable (3-5 years) professional-level administrative experience involving significant experience managing a budget and managing CIP projects. Considerable (3-5 years) supervisory experience will also be required.

Special Requirements. Must possess a valid Arizona Driver's License by hire date.

Substance Abuse Testing. None.

Preferred/Desirable Qualifications. Bachelor's or Master's Degree in Public Administration, Business Administration, or a closely related field.
