She highlighted the Kindergarten Library card sign-up initiative MPL started in 2023, which has provided hundreds of children with new library cards since its inception. She discussed how MPL Librarians focus on building relationships with multiple schools each year and are the main point of contact for teachers and school librarians when connecting with MPL, our programs and our resources. She also discussed the Northstar Digital Literacy program that MPL is investing in, which provides self-guided and classroom-based assessments and lessons on computer basics like email, computer software skills, smart phone use, etc.

Board member, Cindy Smith, asked about an age limit on library cards and Brenna shared that there is no age limit as long as a guardian is with them. Ralph Wilson asked where the NorthStar trainings would be held and Jo Wilson asked if these trainings will be bilingual. Library Technology Administrator, Brandon Williams, shared that trainings can be done at home and confirmed that the program does have trainings in English and Spanish.
