MANAGEMENT ASSISTANT II

JOB DESCRIPTION

Classification Responsibilities: A Management Assistant II is a professional classification that performs a variety of moderately difficult-to-complex administrative research work in support of a department or unit that may involve independent research and analysis of management systems, policies and practices, and accounting control procedures. Work may involve directing or participating in gathering information; performing statistical analyses; assisting in the preparation and administration of the department or unit budget; coordinating department or unit personnel functions; managing projects; planning and reporting operations; studying special administrative problems; administering contracts; purchasing; and developing improved systems, procedures, and forms to lower operating cost or increase efficiency. Responding to requests or complaints from City employees or the general public may be an important element in this assignment. Responsibilities may include supervision of clerical, paraprofessional, and/or maintenance classes. This class is responsible for performing related duties as required.

Distinguishing Features: This position differs from the entry-level professional classification of Management Assistant I by its more diverse and complex nature of assignments, and the greater independence under which the work is performed. Administrative direction is received from a department director or above, administrative supervisor, etc., with work reviewed through conferences, meetings, written reports, and by overall results achieved. This class is FLSA exempt-administrative.

QUALIFICATIONS

Employee Values: All employees of the City of Mesa are expected to uphold and exhibit the City's shared employee values of Knowledge, Respect, and Integrity.

Minimum Qualifications Required. Graduation from an accredited college or university with a Master's Degree in Public Administration, Business Administration, or a related field, and good (1-3 years) professional-level administrative experience (professional-level internship experience will be considered), such as: significant experience preparing and monitoring a budget; researching and analyzing data; making recommendations to management; report preparation involving research, analysis, and recommendations to management, etc.; OR graduation from an accredited college or university with a Bachelor's Degree in Public Administration, Business Administration, or a related field, and considerable (3-5 years) professional-level administrative experience.

Special Requirements. Must possess a valid Class D Arizona Driver's License by hire date (by assignment). For this position, an individual receiving a conditional offer of employment from the City of Mesa must pass a background investigation through the City of Mesa Police Department, the Arizona Department of Public Safety, and Federal Bureau of Investigation prior to commencing employment with the City of Mesa (by assignment). Because of the confidential, sensitive nature of information handled, successful completion of a background investigation and polygraph is required (Police Department Assignment). Must complete Department of Transportation (DOT) Reasonable Suspicion Training for supervisors within 30 days of supervisory assignment of DOT safety sensitive employees (Safety Services Assignment).
Substance Abuse Testing. Due to the safety and/or security sensitive nature of the assignment, individuals in this classification shall be subject to pre-employment or pre-placement alcohol, drug, and/or controlled substance testing as outlined in City policy and procedures (Police Department Assignment).

Preferred/Desirable Qualifications. Experience related to the program area is highly desirable. A strong working knowledge of various computer applications. Professional-level experience in training and program course development, as well as public relations/marketing brochures is preferred (Customer Information & Billing Operations). Experience in the legal field and general government administration is highly desirable (Police Department Legal Services Division Assignment). Supervisory experience may be preferred (by assignment). Experience in Human Resources (HR) practices, including interpreting policies, procedures, and personnel rules; providing guidance to department personnel; and initiating paperwork and processes related to recruiting, personnel changes, retirement, and employee discipline is preferred (Solid Waste Division Assignment).

ESSENTIAL FUNCTIONS

One position may not include all of the essential functions, knowledge and abilities listed, nor do the listed examples include all the knowledge and abilities which may be found in positions of this classification.

Communication: Communicates with the general public and other City employees in explaining and interpreting rules, regulations, practices, and policies of the assigned department or unit. Gives instructions and information and responds to questions. Instructs others by conducting training sessions in a classroom setting regarding subjects which are pertinent to the area of assignment. Prepares written documents, such as: management studies, research reports, feasibility studies, progress reports, justification memos, schedules, etc.

Manual/Physical: Operates office equipment, such as printers, personal computers (PCs), etc. Enters data into a PC to prepare and generate reports and other documents. Prepares Limited Purchase Orders (LPOs), Invoices for Payment (IFPs), project requests, and various other forms. Operates a motor vehicle requiring a standard Class D Arizona Driver's License to attend meetings or inspect field locations (by assignment). Observes, inspects, or monitors the behavior of office or field personnel to determine and maintain compliance with departmental operating and safety standards and procedures. Meets scheduling and attendance requirements.

Mental: Researches and analyzes data to make recommendations to management. Comprehends and makes inferences from written material (example: budget expenditures, statistical and demographic information, project trends and needs, etc.). Prioritizes work assignments. Reviews or checks the work of others to ensure conformance to departmental standards. Resolves citizen complaints as they relate to service contract provisions (by assignment). Coordinates work activities and program functions with other City departments, other cities, and other government agencies. Supervises, assigns, and evaluates the work of a subordinate staff (by assignment). Learns job-related material through on-the-job training and/or independent study.
Knowledge and Abilities: *(Common to all assignments)*

Knowledge of:

- modern management techniques, and the principles and practices of public administration and governmental organization;
- professional-level research techniques, methods, and procedures;
- the principles, practices, and methods of employee supervision, training, and evaluation;
- statistical methods used in public administration;
- the principals of public finance, organizational development, personnel management, policy formation, and budget preparation;
- cost accounting procedures and practices and their relationships to program budgeting;
- the principles, practices, techniques, and terminology associated with the specific area of assignment; and
- PC software applications.

Ability to:

- write clearly and concisely, and give oral and written presentations of ideas;
- explain technical budgetary problems in simple, non-technical language;
- gather pertinent facts, make thorough analyses, and arrive at sound conclusions; and
- establish and maintain effective working relationships with City officials, department managers, coworkers, vendors, citizens, and other government officials.

Knowledge and Abilities: *(By Assignment)*

**Customer Information & Billing Operations**

Knowledge of:

- adult training methods;
- municipal utility procedures;
- customer service principals and procedures; and
- varied communication styles to ensure adequate information is presented in a variety of formats to meet the needs of the staff and consumers.

Ability to:

- work in an environment to improve customer services, foster a results-oriented organization, develop partnerships, and promote employee participation and development;
- conduct analysis of policies and procedures relating to meter reading, billing, revenues, miscellaneous receivables, write-offs, deposits, and collections;
- perform research and analysis to develop and model individual and group performance standards;
- perform workstation information management tasks, such as survey, analysis, design, programming, testing, implementation, and documentation of end user PC software applications; and
- perform research and analysis to develop electric, gas, water, wastewater, and sanitation rate structures
and billing recommendations;
conduct economic and financial analysis to identify correlations between accounts receivables and external environmental factors, such as economic indices, delinquencies, bankruptcies, and vacancy rates;
evaluate/test customer billing system changes prior to implementation and recommend acceptance/alteration of changes based on user needs and generally accepted accounting principles;
analyze customer accounting systems and recommend changes necessary to improve customer accounting practices and reconciliation procedures;
direct impact studies, feasibility studies, cost analyses, rate studies, and special assignments as required;
assist in preparing, administering, and analyzing the section’s annual budget;
prepare promotional materials, including customer service programs, flyers, and newsletter articles;
develop and prepare utility customer service in-house training programs, seminars, and development activities;
prepare course materials and curriculum specific to the work area;
coordinate internal classroom training, including the use of outside speakers, audio visual (AV) equipment, and work within an established budget;
evaluate trainee development, develop and conduct assessment instruments, and make recommendations related to employee progress through established career progression steps; and
prepare and/or conduct written and oral reports and presentations.

Development Services

Ability to:

provide general management support to the Development Services Department Director;
interpret City rules, regulations, practices, and policies for the staff and general public;
prepare, monitor, and administer a budget;
prepare financial and expenditure reports for department;
develop, establish, and implement policies and procedures;
research and compile data, perform statistical analysis, and prepare statistical reports and graphs;
perform a variety of administrative assignments, including special projects and research;
assess and assign priorities to problems and work assignments when confronted with several pressing demands at one time;
participate on various Citywide teams and task forces;
ensure all work is done in alignment with City and department long-term strategies;
assist in strategic planning;
act as liaison involving recruitments, personnel actions, and programs;
perform a variety of administrative assignments in the areas of purchasing, special projects, and research;
supervise and coordinate all department capital projects;
coordinate physical work locations for moves and new hires;
coordinate and approve physical access to the Municipal building for employees;
coordinate department-wide communication for the department director [Director];
update Intranet and Internet web pages; and
manage facilities, operations, and security issues for the department.
**Economic Development**

Ability to:

prepare and administer the budget;
finalize and implement the Strategic Plan;
supervise administrative staff and assist Director with department Performance Appraisal Forms;
participate on various Citywide teams and task forces;
administer contracts for the department;
provide management support to the Director and represent the Economic Development Department when the Director is not available;
