### 1. Review and discuss items on the agenda for the February 24, 2025, Regular Council meeting.

All of the items on the agenda were reviewed among Council and staff and the following was noted:

Conflict of interest: None

Items removed from the consent agenda: None

In response to a question from Councilmember Duff regarding agenda Item 6-a, **(ZON24-00638 "Lofts at 121" 3± acres located at 121 and 129 North Beverly, approximately 881 feet north of the northeast corner of East Main Street and North Beverly. Rezone from Single Residence-6 (RS-6) to Multiple Residence-4 with a Planned Area Development Overlay (RM-4-PAD) and Site Plan Review for a 68-unit multiple residence development. Lofts at 121 LLC, owner; Tim Boyle, Atmosphere Architects, applicant. (District 4))**, on the Regular Council Meeting agenda, Mayor Freeman provided a recap of the discussion that took place at the last study session and explained the difficulty of infill projects like this.

Councilmember Duff requested that staff do an additional review of the project design plans to break up the building for better aesthetic in the neighborhood and to provide more open flow within the property. She expressed her support for density in that area due to the proximity of the City of Mesa (COM) transit services and to support and revitalize business and services in that area.

Responding to a question from Councilmember Spilsbury, Councilmember Duff confirmed that safety in the adjacent park has improved, and her opinion is that this development would hinder crime. She stated that there is not an active neighborhood group at this time, but the consensus is that the neighbors would like to embrace the community by becoming more urban.

City Attorney Jim Smith advised that if Council decides to request design revisions, then the posting and introduction of the item will need to be redone; and if approved, would delay the start of the project.

Planning Director Mary Kopaskie-Brown concurred and assured the Council that staff will work with the architect to achieve the changes requested.

Discussion ensued regarding the proposed on-site and street parking.

Mayor Freeman expressed his concern about preserving the historic value of the neighborhood and the fire and medical response times for a complex with the proposed design.

Mayor Freeman stated the consensus of Council is to continue the item to a future Council agenda to allow for plan redesign.

In response to a question from Councilmember Goforth regarding agenda Item 3-a, **(State Route 202 Red Mountain Shared Use Path - Project Design, Bid, and Build. (District 5))**, on the Regular Council Meeting agenda, City Engineer Beth Huning explained that once approved the entire project should take approximately one year to complete.

2-a. Appointments to various boards and committees.

It was moved by Councilmember Spilsbury, second by Councilmember Goforth, that the Council concur with the Mayor's recommendations and the appointments be confirmed. **(See Attachment 1)**

Upon tabulation of votes, it showed:
