Luis Montes, resident of 2444 E Encanto St, expressed his views on the allocation of 2018 and 2020 bond funds. Mr. Montes discussed that he felt there is some misallocation when focused on portions that are dedicated for active transportation. He expressed that the Lehi Loop project is an example of this and how it does not provide any semblance of equitable transportation or help to build a safer bicycle network in Mesa. Mr. Montes also discussed how he felt that the chosen projects and allocations from the bond funding were not openly shared to the public.
